Details make perfection and perfection is not a detail

Leave the **light** on

You don't need excuses. A new interpretation for a piece of furniture. A bold statement, that have no limits for its range. A bright influence both for outdoor and indoor spaces. A light source characterized by high energy efficiency, with improved durability and reduced maintenance.

A **sombbrero** to shelter and diffuse

The convenience of having a large disk that reflects heat and diffuses it more effectively.

Also, thanks to Sombbrero, your Enjoy product will effectively shelter users from bad weather.

Enlighten your outdoor space

A LED lighting system specially designed that spreads light efficiently thanks to three light points. Gardens, terraces, courtyard: choose whatever outdoor area you want to illuminate. Thanks to Smoking Oasis you can have a wide range of lamps for your need.

Lights Kit **Multicolour** : colour your business

You will be able to customise the colour and type of lighting of Enjoy rattan products choosing from all colours and shades in the rainbow, via a user-friendly smartphone app. The definitive method to attract custom: with coloured light your premises be full and buzzing all the time.

NEW

With Multicolor Lights Kit you can choose between all colors of the rainbow

Furnishes

It's Cool!

The nice design, combined with highly selected materials, creates a product of absolute value, a piece of furniture unique in the marketplace. Synthetic rattan presents a dense and precise twine, is resistant to UV rays and atmospheric agents, is waterproof and creates stylish pieces of furniture. Wholly designed in Italy by Idrobase Group.

Heats

Break free from seasonal constraints

An heating lamp: bar and restaurants can now keep their customers warmed up during the winter.

An electric resistance that heats when the temperatures are low, so as to be able to spend in comfort the moment of cigarette outside. When it is too hot a misting system refreshes smokers and neutralizes cigarettes odour.

Refreshing

Cool: YES, wet: NO

The millions of pressurized water droplets produced are thinner than a single hair. The sprayed water vaporizes before touching the ground without wetting people or objects and lowering considerably the surrounding temperature. To work optimally, we recommend using Enjoy products in poorly ventilated areas.
